Minor Change to an Undergraduate Program

Program Name: ___BS in Computer Information Systems___

Complete only if applicable
Program named above is:
___ Option   within _____
                    (degree program name)

___Advising Pattern   within _____
                                (option name)

                    within _____
                                (degree program name)
___ Minor

___ Certificate

___ Changes being made affect a subject matter preparation or credential program.

Brief rationale for change:

Remove one upper-division requirement and add one lower-division requirement. This change will better prepare the student for development in a web-based information system environment.

Does the proposed change enhance or support the [Diversity Action Plan](#) (see definition & Task 3.1)? _No_
If yes, please explain.
